

Primary Care Provider – Pain Medicine/Management – Full Time

Date: 9/11/24

Location: Marysville, WA

About Us:

Western Washington Medical Group (WWMG) is a locally-owned and patient-centered group of dedicated healthcare providers. We are committed to delivering high-quality care to the communities we serve and are currently seeking a full-time **Primary Care Provider** (MD, DO, ARNP, or PA) specializing in **Pain Medicine/Management**.

Position Overview:

We are searching for a compassionate and highly skilled Primary Care Provider (MD/DO or ARNP/PA) with experience or interest in managing patients with chronic pain. This role focuses on assessing, diagnosing, and managing a range of pain conditions, ensuring that our patients receive comprehensive, evidence-based care tailored to their individual needs.

The ideal candidate will provide empathetic, patient-centered care, educating patients about treatment options, encouraging self-care, and collaborating with multidisciplinary teams to create effective pain management plans.

Key Responsibilities:

- Evaluate and manage patients with acute and chronic pain conditions.
- Develop individualized pain management treatment plans, including pharmacologic and non-pharmacologic interventions.
- Provide counseling on lifestyle changes, exercise, and alternative pain management techniques (e.g., physical therapy, behavioral therapy).
- Prescribe medications appropriately, following all legal guidelines and best practices for opioid prescribing.
- Collaborate with specialists in other disciplines (e.g., physical therapists, neurologists, behavioral health providers) to provide a holistic approach to pain management.
- Order and interpret diagnostic tests as needed to diagnose and monitor pain-related conditions.
- Maintain accurate, detailed, and timely documentation in electronic medical records (EMR).
- Perform additional duties as necessary to support clinical operations and patient care.

Qualifications:

- Licensed as a MD, DO, ARNP, or PA in the State of Washington.
- Certification in Pain Management or relevant specialty preferred.
- DEA license required for prescribing controlled substances.
- Certification in Basic Cardiac Life Support (BCLS) and Advanced Cardiac Life Support (ACLS).
- Experience in pain management, primary care, or related fields highly preferred.
- Knowledge of opioid prescribing guidelines and experience managing patients with complex pain management needs.
- Strong commitment to patient education, chronic disease management, and team-based care.
- Must be able to provide proof of legal authorization to work in the United States.

Benefits:

At WWMG, we are committed to providing an excellent workplace experience and a wonderful employee experience. One way we accomplish this is by providing a robust benefits package, which includes:

- Competitive pay
- Unsurpassed growth opportunities
- Medical, Dental, Vision insurance
- AD&D, LTD and Basic Life are provided for all employees
- 401(k) plan with a generous profit share and match
- Four (4) weeks of vacation/year
- Sick time accrual in accordance with Washington state law
- 9 paid holidays/year
- Flexible schedules
- Family friendly and people focused workplace
- The opportunity to work for the best healthcare company in Washington

Salary Range:

Salary range offered depends on experience, skill set, and education.

- MD or DO: \$240K - \$275K annually
- ARNP or PA: \$120K - \$145k annually

Location: This provider will serve patients in person at our clinic in Marysville.

To Apply: Send resume and cover letter to cfriesen@wwmedgroup.com.

Western Washington Medical Group is an Equal Opportunity Employer. We celebrate diversity and inclusion and welcome applications from qualified candidates, regardless of race, color, religion, sex including sexual orientation and gender identity, national origin, disability, protected veteran status or any other characteristic protected by applicable federal, state or local law.
